

14% Dairy Pellets

Higher protein, higher performance

Available in:

Suitable for:

Mi-Feed is supported by leading animal scientists supplying you with a quality product to ensure best possible productivity and profit from your Dairy Cows.

14% Dairy Pellets are to be fed only to dairy cows during lactation.

Ingredients:

Mi-Feed focuses on providing premium balanced products covering each Dairy Cow's nutritional requirements to the highest standards. 14% Dairy Pellets include cereal grains (barley, sorghum, wheat), millrun, barley malt combings, soy bean meal, sodium bentonite, sodium bicarbonate, limestone, dicalcium phosphate, salt and a specialized mineral and vitamin premix.
